TAMS BIXBY HAS BEEN SUMMONED TO WASHINGTON.

Chairman of the Dawes Commission Will Be Asked to Answer Pertinent Questions

ABOUT THE INDIAN SCANDALS.

Interior Department Wants to Know if It Is True That Every Member of Commission Is Interested in Land Leases.

WHY WAS WORK DELAYED?

Is Charge True That Principal Cause Was the Desire of Government Agents to Draw Fat Salaries for Idle Time?

The Republic Bureau, 215 N. 2d and Pennsylvania Ave., Washington, Oct. 12.—Tams Bixby, chairman of the Dawes Commission, president of the Canadian Valley Trust Company of Muskogee, I. T., and also director in the Muskogee Title and Trust of Muskogee, is expected to arrive in the city tomorrow from that Territory in response to a telegram from the Secretary of the Interior.

As chairman of the Dawes Commission it is Mr. Bixby's duty to superintend a fair and impartial allotment of the lands in the Indian Territory to the Indians of that Territory and to pass on the citizenship of the Indians.

The trust company of which Mr. Bixby is president has the right, among other things, to loan money upon real estate, personal property and other securities; to buy, rent, sell and lease and mortgage real estate; to build homes and other structures thereon and otherwise improve these properties. It also has the right to own stock in other trust companies.

TAMS BIXBY. Chairman of the Dawes Commission, who has been summoned to Washington to answer charges filed against him and other members of the commission.

Among the allegations is one that the commission has purposely delayed the work of allotment in order that its members might draw salaries for an indefinite time.

Mr. Bixby and the other members of the commission are said to have written letters to the Secretary of the Interior, in which they explicitly deny the charges against them and ask that the letters be published. The Secretary has declined so far to make the communications public, holding that Mr. Bixby is now in entire control of the case in all of its bearings and all news must come from him.

QUESTIONS TO BE ASKED.

There are a number of questions of great interest to those concerned in the investigations or in the business deals of the commission which Mr. Bixby will be requested to answer when he comes to the city, and the answers are eagerly awaited. Among these questions are:

How much money did the town of Vinita, in the Cherokee Nation, I. T., have to put up to secure the establishment of the Land Office at that place from January 1, 1901, to May 1, 1902?

How much money did the town of Tahlequah, Cherokee Nation, put up to secure the establishment of the Land Office at that place after May 1, 1902?

Did the members of the Dawes Commission confer with the Secretary of the Interior as to the advisability of their becoming interested in land and trust companies in the Indian Territory, for the purpose of dealing in lands and personal property?

How many trust companies, to your knowledge, are at present engaged in buying, renting and leasing lands in the Territory?

How do the agents of these trust companies manage to secure leases from the Indians?

Is it true that agents of the trust companies bring the Indians to the Land Office in large numbers and are successful in having them file on lands without any serious delay?

What means has the Dawes Commission adopted for ascertaining whether the Indians who make application to file on lands have any legal or rightful claim to the improvements thereon?
